

NOTICE OF PRIVACY PRACTICES

Effective January 1, 2017

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

If you have any questions about this notice, please contact Thomas Woo, Jade Health Care Medical Group's Compliance Officer at 445 Grant Avenue, Suite 200, San Francisco, CA 94108, (628) 228-2720.

WHO WILL FOLLOW THIS NOTICE

This notice describes our medical group's practices and that of:

- Any health care professional or staff member who is authorized to enter information into the member's medical chart.
- All departments of the medical group.
- Any ancillary provider who is authorized to provide care to the member
- All employees, staff and other medical group personnel.

All these entities, sites, and locations follow the terms of this notice. In addition, these entities, sites and locations may share medical information with each other for treatment, payment or health care operations purposes described in this notice.

OUR PLEDGE REGARDING MEDICAL INFORMATION

We understand that medical information about you and your health is personal. We are committed to protecting medical information about you. We create a record of the care and services you receive with Jade Health Care Medical Group. We need this record to provide you with quality care and to comply with certain legal requirements. This notice applies to all of the records of your care generated within the medical group, whether made by medical group personnel or your personal doctor. Your personal doctor may have different policies or notices regarding the doctor's use and disclosure of your medical information created in the doctor's office or clinic.

This notice will tell you about the ways in which we may use and disclose medical information about you. We also describe your rights and certain obligations we have regarding the use and disclosure of medical information.

We are required by law to:

- Make sure that medical information that identifies you is kept private (with certain exceptions);
- Give you this notice of our legal duties and privacy practices with respect to medical information about you;
- notify you if there is a breach of your unsecured PHI; and
- Follow the terms of the notice that is currently in effect.

WHAT IS "PROTECTED HEALTH INFORMATION?"

Your protected health information (PHI) is individually identifiable health information, including demographic information, about your past, present or future physical or mental health or condition, health care services you receive, and past, present or future payment for your health care. Demographic information means information such as your name, social security number, address, and date of birth.

PHI may be in oral, written or electronic form. Examples of PHI include your medical record, claims record, enrollment or disenrollment information, and communications between you and your health care provider about your care.

HOW WE MAY USE AND DISCLOSE MEDICAL INFORMATION ABOUT YOU

The following categories describe different ways that we use and disclose your PHI. For each category of uses or disclosures we will explain what we mean and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

DISCLOSURE AT YOUR REQUEST

We may disclose information when requested by you. This disclosure at your request may require a written authorization by you.

FOR TREATMENT

We may use your PHI to provide you with medical treatment or services. We may disclose your PHI to doctors, nurses, technicians, health care students, or other hospital personnel who are involved in taking care of you at the hospital. For example, a doctor

treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process. In addition, the doctor may need to tell the dietitian if you have diabetes so that we can arrange for appropriate meals. Different departments of the hospital also may share your PHI in order to coordinate the different things you need, such as prescriptions, lab work and X-rays. We also may disclose your PHI to people outside the hospital who may be involved in your medical care after you leave the hospital, such as skilled nursing facilities, home health agencies, and physicians or other practitioners. For example, we may give your physician access to your PHI to assist your physician in treating you.

FOR PAYMENT

We may use and disclose your PHI so that the treatment and services you receive by an authorized provider may be billed to and payment may be collected from you, an insurance company or a third party. For example, we may need to give information about surgery you received at the hospital to your health plan so it will pay us or reimburse you for the surgery. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment. We may also provide basic information about you and your health plan, insurance company or other source of payment to practitioners who are involved in your care, to assist them in obtaining payment for services they provide to you.

FOR HEALTH CARE OPERATIONS

We may use and disclose your PHI for health care operations. These uses and disclosures are necessary to run the medical group and make sure that all of our patients receive quality care. For example, we may use medical information to review our treatment and services and to evaluate the performance of our providers in caring for you. We may also combine medical information about many patients to decide what additional services the medical group should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, nurses, technicians, medical students, and other authorized personnel for review and learning purposes. We may also combine the medical information we have with medical information from other providers to compare how we are doing and see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of medical information so others may use it to study health care and health care delivery without learning who the specific patients are.

BUSINESS ASSOCIATES

We may contract with business associates to perform certain functions or activities on our behalf, such as payment and health care operations. These business associates must agree to safeguard your PHI.

APPOINTMENT REMINDERS

We may use your PHI to contact you about appointments for treatment or other health care you may need.

MARKETING AND SALE

Most uses and disclosures of your PHI for marketing purposes, and disclosures that constitute a sale of medical information, require your authorization.

TO INDIVIDUALS INVOLVED IN YOUR CARE OR PAYMENT FOR YOUR CARE

We may release your PHI to a friend or family member who is involved in your medical care. We may also give information to someone who helps pay for your care. Unless there is a specific written request from you to the contrary, we may also tell your family or friends your condition and that you are receiving care through the medical group. In addition, we may disclose your PHI to an organization assisting in a disaster relief effort so that your family can be notified about your condition, status and location. If you arrive at the emergency department either unconscious or otherwise unable to communicate, we are required to attempt to contact someone we believe can make health care decisions for you (e.g., a family member or agent under a health care power of attorney).

DISCLOSURE TO PARENTS AS PERSONAL REPRESENTATIVES OF MINORS

In most cases, we may disclose your minor child's PHI to you. In some situations, however, we are permitted or even required by law to deny your access to your minor child's PHI. An example of when we must deny such access, based on the type of health care, is when a minor who is 12 or older seeks care for a communicable disease or condition. Another situation when we must deny access to parents is when minors have adult rights to make their own health care decisions. These minors include, for example, minors who were or are married or who have a declaration of emancipation from a court.

FOR RESEARCH

Under certain circumstances, we may use and disclose your PHI for research purposes. For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another, for the same condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of medical information, trying to balance the research needs with patients' need for privacy of their medical information. Before we use or disclose medical information for research, the project will

have been approved through this research approval process, but we may, however, disclose your PHI to people preparing to conduct a research project, for example, to help them look for patients with specific medical needs, as long as the medical information they review does not leave the provider.

AS REQUIRED BY LAW

We will disclose your PHI when required to do so by federal, state or local law.

TO AVERT A SERIOUS THREAT TO HEALTH OR SAFETY

We may use and disclose your PHI when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat.

SPECIAL SITUATIONS

DISCLOSURE IN CASE OF DISASTER RELIEF

We may disclose your name, city of residence, age, gender, and general condition to a public or private disaster relief organization to assist disaster relief efforts, unless you object at the time.

ORGAN AND TISSUE DONATION

We may release medical information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

MILITARY AND VETERANS

If you are a member of the armed forces, we may release your PHI as required by military command authorities. We may also release medical information about foreign military personnel to the appropriate foreign military authority.

WORKERS' COMPENSATION

We may release your PHI for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

PUBLIC HEALTH ACTIVITIES

We may disclose your PHI for public health activities. These activities generally include the following:

- To prevent or control disease, injury or disability;
- To report births and deaths;
- To report regarding the abuse or neglect of children, elders and dependent adults;
- To report reactions to medications or to identify product problems and failures and injuries they may have caused. If you have received one of these products, we may use and disclose your PHI to the FDA or other authorized persons or organizations, such as the maker of the product;
- To notify people of recalls of products they may be using;
- To notify a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition;
- To notify the appropriate government authority if we believe a patient has been the victim of abuse, neglect or domestic violence. We will only make this disclosure if you agree or when required or authorized by law;
- To notify emergency response employees regarding possible exposure to HIV/AIDS, to the extent necessary to comply with state and federal laws.

HEALTH OVERSIGHT ACTIVITIES

We may disclose medical information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs and compliance with civil rights laws.

LAWSUITS AND DISPUTES

If you are involved in a lawsuit or a dispute, we may disclose your PHI in response to a court or administrative order. We may also disclose medical information about you in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request (which may include written notice to you) or to obtain an order protecting the information requested.

LAW ENFORCEMENT

We may release medical information if asked to do so by a law enforcement official:

- In response to a court order, subpoena, warrant, summons or similar process;

- To identify or locate a suspect, fugitive, material witness, or missing person;
- About the victim of a crime if, under certain limited circumstances, we are unable to obtain the person's agreement;
- About a death we believe may be the result of criminal conduct;
- About criminal conduct against the provider; and
- In emergency circumstances to report a crime; the location of the crime or victims; or the identity, description or location of the person who committed the crime.

CORONERS, MEDICAL EXAMINERS AND FUNERAL DIRECTORS

We may release medical information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. We may also release medical information about patients of the medical group to funeral directors as necessary to carry out their duties.

NATIONAL SECURITY AND INTELLIGENCE ACTIVITIES

We may release your PHI to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.

PROTECTIVE SERVICES FOR THE PRESIDENT AND OTHERS

We may disclose your PHI to authorized federal officials so they may provide protection to the President, other authorized persons or foreign heads of state or conduct special investigations.

INMATES

If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may disclose your PHI to the correctional institution or law enforcement official. This disclosure would be necessary: 1) for the institution to provide you with health care; 2) to protect your health and safety or the health and safety of others; or 3) for the safety and security of the correctional institution.

MULTIDISCIPLINARY PERSONNEL TEAMS

We may disclose health information to a multidisciplinary personnel team relevant to the prevention, identification, management or treatment of an abused child and the child's parents, or elder abuse and neglect.

SPECIAL CATEGORIES OF INFORMATION

In some circumstances, your PHI may be subject to restrictions that may limit or preclude some uses or disclosures described in this notice. For example, there are special restrictions on the use or disclosure of certain categories of information — e.g., tests for HIV or treatment for mental health conditions or alcohol and drug abuse. Government health benefit programs, such as Medi-Cal, may also limit the disclosure of beneficiary information for purposes unrelated to the program.

YOUR RIGHTS REGARDING MEDICAL INFORMATION ABOUT YOU

You have the following rights regarding medical information we maintain about you.

RIGHT TO INSPECT AND COPY

You have the right to inspect and obtain a copy of medical information that may be used to make decisions about your care. Usually, this includes medical and billing records, but may not include some mental health information.

To inspect and obtain a copy of medical information that may be used to make decisions about you, you must submit your request in writing to Jade Health Care Medical Group Compliance Officer, 445 Grant Avenue, Suite 200, San Francisco, CA 94108. If you request a copy of the information, we may charge a fee for the costs of copying, mailing or other supplies associated with your request.

We may deny your request to inspect and obtain a copy in certain very limited circumstances. If you are denied access to medical information, you may request that the denial be reviewed. Another licensed health care professional chosen by the medical group will review your request and the denial. The person conducting the review will not be the person who denied your request. We will comply with the outcome of the review.

RIGHT TO AMEND

If you feel that medical information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for the medical group.

To request an amendment, your request must be made in writing and submitted to Jade Health Care Medical Group Compliance Officer, 445 Grant Avenue, Suite 200, San Francisco, CA 94108. In addition, you must provide a reason that supports your request.

We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:

- Was not created by us, unless the person or entity that created the information is no longer available to make the amendment;
- Is not part of the medical information kept by or for the medical group;
- Is not part of the information which you would be permitted to inspect and copy;
or
- Is accurate and complete.

Even if we deny your request for amendment, you have the right to submit a written addendum, not to exceed 250 words, with respect to any item or statement in your record you believe is incomplete or incorrect. If you clearly indicate in writing that you want the addendum to be made part of your medical record we will attach it to your records and include it whenever we make a disclosure of the item or statement you believe to be incomplete or incorrect.

RIGHT TO AN ACCOUNTING OF DISCLOSURES

You have the right to request an “accounting of disclosures.” This is a list of the disclosures we made of medical information about you other than our own uses for treatment, payment and health care operations (as those functions are described above), and with other exceptions pursuant to the law¹.

To request this list or accounting of disclosures, you must submit your request in writing to Jade Health Care Medical Group Medical Records Manager, 445 Grant Avenue, Suite 200, San Francisco, CA 94108. Your request must state a time period which may not be longer than six years and may not include dates before January 1st, 2017. Your request should indicate in what form you want the list (for example, on paper or electronically). The first list you request within a 12-month period will be free. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

In addition, we will notify you as required by law following a breach of your unsecured protected health information.

¹ If the records are in the form of electronic medical records, you may ask for an accounting of disclosures of the medical information used for treatment, payment or health care operations for the 3 years prior to the request.

RIGHT TO REQUEST RESTRICTIONS

You have the right to request a restriction or limitation on the medical information we use or disclose about you for treatment, payment or health care operations. You also have the right to request a limit on the medical information we disclose about you to someone who is involved in your care or the payment for your care, like a family member or friend. For example, you could ask that we not use or disclose information about a surgery you had.

We are not required to agree to your request, except to the extent that you request us to restrict disclosure to a health plan or insurer for payment or health care operations purposes if you, or someone else on your behalf (other than the health plan or insurer), has paid for the item or service out of pocket in full. Even if you request this special restriction, we can disclose the information to a health plan or insurer for purposes of treating you.

If we agree to another special restriction, we will comply with your request unless the information is needed to provide you emergency treatment.

To request restrictions, you must make your request in writing to Jade Health Care Medical Group Compliance Officer, 445 Grant Avenue, Suite 200, San Francisco, CA 94108. In your request, you must tell us 1) what information you want to limit; 2) whether you want to limit our use, disclosure or both; and 3) to whom you want the limits to apply, for example, disclosures to your spouse.

RIGHT TO REQUEST CONFIDENTIAL COMMUNICATIONS

You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail.

To request confidential communications, you must make your request in writing to Jade Health Care Medical Group Compliance Officer, 445 Grant Avenue, Suite 200, San Francisco, CA 94108. We will not ask you the reason for your request. We will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.

OTHER USES OF MEDICAL INFORMATION

Other uses and disclosures of medical information not covered by this notice or the laws that apply to us will be made only with your written permission. If you provide us permission to use or disclose medical information about you, you may revoke that permission, in writing, at any time. If you revoke your permission, this will stop any further use or disclosure of your medical information for the purposes covered by your written authorization, except if we have already acted in reliance on your permission. You understand that we are unable to take back any disclosures we have already made with your permission, and that we are required to retain our records of the care that we provided to you.
